Banks Evans  
Assistant Vice President for Labor Relations  
University of Washington

Dear Banks,

On 6/16/22 UW Researchers United - UAW 4121 received from PERC an interim certification as the exclusive bargaining representative for Research Scientists/Engineers A-4, following the conclusion of our representation election. We therefore demand to bargain and request a first meeting with the University administration's bargaining team to discuss the process and set additional dates for negotiations. We propose an initial two hour meeting over zoom during the week of July 18th or the week of August 1, 2022.

Please let us know the University's availability by replying to [contact@uwresearchersunited.org](mailto:contact@uwresearchersunited.org). We look forward to productive negotiations.

Thaddeus Armstrong, Laboratory Medicine and Pathology
